LINEAR HIGH BAY

The naturaLED® Linear High Bay is an excellent option for generating bright, even illumination up to 42,440 lumens. It is designed with common sense features to create a durable and robust fixture.

Manufactured with a 5" wide channel to allow room for accessories like motion sensors or emergency drivers, this DLC Premium fixture has a built-in level for ease of installation.

- 4000K, 5000K
- Up to 42,440 Lumens
- 100, 150, 210 or 300W
- Voltage: 120-277V / 120-347V / 277-480V
- Accessories: Emergency Driver, Motion Sensor, Wireless Controller, Yoke Mount, Pendant Mount, Wireguard

Available in 2 ft., 4 ft.

Occupancy & Daylighting, Wireless Programmers and Sensors

Motion & Photocell Sensor/
Remote Programmer

Cell phone control
Wall Switch/
Bluetooth Controller

naturaLED® manufactures high performance LED lighting solutions that can reduce energy and lower maintenance costs. Warehouses require lighting to ensure that employees can stay safe and work more efficiently.

ROUND HIGH BAY

Available in 11", 13", 15" diameter

Optional reflector

Optional black with 347V

The compact and lightweight Round High Bay is IP66 rated. Engineered with an adjustable pre-installed hook, it can replace traditional 1000-watt HID's. This versatile fixture comes with several optional accessories; a 120° lens, polycarbonate reflector, and a motion sensor that can be operated with a remote control.

- 5000K
- 100, 150, or 200W
- Up to 32,985 Lumens
- Voltage: 120-277V, 277-480V
- Accessories: Refractor, Lens, Motion Sensor, Remote Control, Pendant Mount

Available Optional Accessories:

Polycarbonate Refractor/ Lens

Sensor/ Remote Controller

Cell phone control
Wall Switch/
Bluetooth Controller

LINEAR FIXTURES

COMMERCIAL STRIP / RETROFIT STRIP

- 3CCT - 3500K, 4000K, 5000K
- 22 to 68W
- Up to 9,398 Lumens
- Dimmable: 0-10V
- Accessories: Motion Sensor, Emergency Driver

Available in 2, 4 or 8 ft. options

COMMERCIAL WRAP

- 3CCT - 3500K, 4000K, 5000K
- 22/28/34/44W
- Up to 5,720 Lumens
- Dimmable: 0-10V
- Accessories: Emergency Driver, Motion Sensor

UTILITY WRAP

- 4000K or 5000K
- 27W
- Up to 3,510 Lumens
- Dimmable: 0-10V
- Accessories: Emergency Driver, Motion Sensor

VAPORTIGHT

The new selectable color and selectable wattage Vapor Tight is just one of several linear lighting options from naturalLED®. Available in 2, 4 or 8 ft. options, this fixture produces up to 13,000 lumens.

Wall / Ceiling Mounting

- 3CCT - 3500K, 4000K, 5000K (except for 8 ft.)
- 20 to 100W
- Up to 13,000 Lumens
- Dimmable: 0-10V
- Accessories: Wall Mount, Motion Sensor, Emergency Driver

FILAMENT HID REPLACEMENT LAMPS

- 2200K, 3000K, 4000K, 5000K
- 18, 27, 36, or 80W
- Up to 9,980 Lumens
- Available in E26 or EX39 base

HID REPLACEMENTS

LED HID replacements are affordable, practical lighting solutions that provide a quick and easy upgrade for open spaces like warehouses or retail applications.

HID RETROFIT KIT

The LED Retrofit Kits have been designed specifically for existing HID fixtures. They deliver twice the lumen output and efficacy compared to retrofits using generic LED kits.

- 50/100W – 3CCT - 3000K, 4000K, 5000K
- 180/240W – 5000K
- Up to 38,400 Lumens
- Accessories: E26 Mounting Adapter and Surge Protector

250-400W HID replaced with 50W LED retrofit kit. Energy savings up to 87%.

Perfect replacement option for existing fixtures. Shoeboxes, High Bays, Low Bays, Floods, Wall Packs and more.

REPLACEMENT LED TUBES

INSTANT FIT TYPE A TUBES

naturaLED® Instant-Fit Type AT5s and T8s make it easy to upgrade fluorescents to energy efficient LED lighting. Compatible with existing electronic fluorescent ballasts without re-wiring, the Instant-Fit tubes come in 2 ft., 3 ft., or 4 ft. lengths and improve energy savings up to 65%. These tubes generate a wide beam spread of 320° like the traditional pattern from existing fluorescent tubes.

- Up to 3,500 Lumens
- 10-28W, 4000K/5000K
- Instant fit (compatible with fluorescent ballast*)
- Instant on, flicker free
- Quick and easy LED upgrade
- Contains no mercury or lead
- Base: 2, 3, 4 ft - Mini/Medium Bi-Pin

*Contact us for compatibility list.

INTEGRATED TYPE B TUBES

naturaLED® LED Integrated T5/T8 UL Type B Tubes work directly with 120-277 line voltage, so it is required to remove the existing fluorescent ballast. This DLC qualified tube is available in 9-40 watts that can replace 2 ft., 3 ft., 4 ft. or 8 ft. tubes. These tubes generate a wide beam spread of 320° like the traditional pattern from existing fluorescent tubes.

- Up to 5,500 Lumens
- 9 - 40W, 4000K/5000K
- Line Voltage 120-277V
- Instant On, Noise-free

T8 UNIVERSAL

- Compatible with shunted and non-shunted sockets
- Eliminates installation labor costs for additional wiring

- Shunted sockets receive voltage through a single set of wires and spread it to two contacts.
- Non-shunted sockets send voltage to each of the contacts, through two wiring tracks.

Standard Type B Direct Wire tubes use single ended non-shunted socket, but naturaLED® Universal tubes are compatible with shunted and non-shunted, single and double ended as well.
