## NaturaLED to Exhibit Solid State Solutions at LEDucation in New York City

Ontario, CA, February 21, 2023 – naturaLED® ([www.naturaLED.com](http://www.naturaLED.com)), a leading provider of innovative lighting solutions, is happy to announce that it will exhibit several new LED lighting products at the upcoming LEDucation event from March 19-20, 2024 at the New York Hilton Midtown. The NaturaLED booth is located on the 3<sup>rd</sup> floor of America's Hall 1, Booth # 2919.

LEDucation is organized by the Designers Lighting Forum of New York and is the premier lighting innovation event for industry professionals and includes over 48 accredited educational conference sessions and a two-day marketplace with over 400+ participants.

Some of the product solutions being demonstrated by NaturaLED includes the new Emergency Backup LED Tube that is the first product of its kind to receive UL 924 certification and includes a built-in driver and battery; The Millwright which recently earned the distinction of being the only high bay LED luminaire included in the 2023 IES Progress Report; The Court Light area lighting fixture for tennis and pickleball courts; and several new indoor and outdoor LED architectural lighting solutions.

"As a first-time exhibitor we're incredibly excited to be a part of the LEDucation event," said Koji Sasaki, President of NaturaLED. "This event has grown so much over the years and has become the biggest and best annual lighting event in North America which makes it the ideal location to share our innovations with the industry."

LEDucation is a non-profit event, whose proceeds help stimulate future LED advancements by supporting various grants, scholarships, and lighting programs.
